
MRXIHA-I panel plate deminsions

Posted by Woody - 2010/05/18 20:54

What are the width and height measurements for the panel mounting plate?

Sure wish the MRX was packaged to fit in a standard 2-1/4" instrument hole.

You can actually find a link to download the spec sheet for the installation kit here:
http://www.zaon.aero/component/option,com_docman/task,cat_view/gid,24/Itemid,33/
